

The Scorching Sun

Solar Flame on the Sun

Black Spot on the Sun

Our Sun will go Nova!!!! The Sun will become seven times brighter and hotter. Man will be burnt by the heat and the ultraviolet light coming from the Sun. This immense heat will cause the water to evaporate and create massive clouds that will somehow protect mankind from the high intensity of light and from being completely scorched and X-rays by the Sun. There will be huge earthquakes and hurricanes. The wind will be fierce, the glaciers will melt and there will be great flooding more than we have seen until now. The heat of the Sun will cause red algae (picture further down) to grow so much in this kind of environment that it will not only cause a Red Tide (see picture of Red Tide down below) as we have now on earth but a Red Sea as it is predicted in the Bible.

These things mentioned will be the result of a hotter Sun that will deliver more heat to earth. But wait to see the scientific forecast by NASA and other scientific communities that claim that our Sun is getting warmer. **Take time to read all the scientific data explained below and the web link articles attesting to these things.** Also, I will in this article explain (just my interpretation) the prophetic views expressed in the Bible concerning the disastrous effects of a hotter Sun.

Revelation 16:3 “And the second angel poured out his vial upon **the sea; and it became as the blood** of a dead *man*: and every living soul died in the sea.”

The Red Tide is cause by red algae that bloom in warm water and many of the species are poisonous to fish as they paralyze them (See more explanation further down) and they died. As you see on the picture below, the red algae will make the sea red making it appears to turn to blood. The hot water will also cause fish to die.

Small Red Tide, red algae coloring water

We have to remember that the apostle John was trying to explain his vision in words that he could be understood by the people of his time. A lot of the judgments in Revelation can be better understood today since we know more about technology. John couldn't explain clearly; bombs falling from the sky, helicopters flying, tanks shooting bombs and bullets, meteorites falling down, etc., so he used pictures, symbols, examples that he could use to explain what he saw. Many of the judgments in Revelation will be supernaturally performed by God and others will be as a result of men at war. But all these things that we can read in the Bible are the judgment of God toward unrepentant men and women and God is in control of everything that will happen. All the prophecies will come to pass, in God's Own timetable. When these things happen, we will certainly understand what the apostle John was trying to say.

Then the extreme heat will kill fishes and ignite a lot of fires. The smoke will combine with the vast and huge clouds, and the light of the Sun and the Moon will be hidden, causing darkness on earth.

Revelation 8:12 "And the fourth angel sounded, and **the third part of the sun was smitten, and the third part of the moon, and the third part of the stars; so as the third part of them was darkened**, and the day shone not for a third part of it, and the night likewise."

In the next pages, I will try to present some scientific facts that will explain some of the plagues that will befall on earth during the great tribulation as stated by the Lord Jesus-Christ himself.

Mat 24:29-30 "Immediately after the tribulation of those days shall the **sun be darkened, and the moon shall not give her light**, and the stars shall fall from heaven, and the powers of the heavens shall be shaken: And then shall appear the sign of the Son of man in heaven: and then shall all the tribes of the earth mourn, and **they shall see the Son of man coming in the clouds of heaven with power and great glory.**"

These things sound apocalyptic but this is just a part of what is coming in the great days of reckoning that lie ahead. You may try to hide and not take heed to these things but the judgment day is coming soon upon mankind. There is a way to escape it. Christ died on the cross to take your sins and make you blameless before God. Before anything happens, the Lord Jesus-Christ will come and take all the born again Christians with Him into the clouds.

1Th 4:15-17 "For this we say unto you by the word of the Lord, that we which are alive *and* remain unto the coming of the Lord shall not prevent them which are asleep. For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: **Then we which are alive *and* remain shall be caught up together with them in the clouds to meet the Lord in the air: and so shall we ever be with the Lord.**"

Scientific Studies

For years scientists warned us of the global warming cause by pollutants stating that these pollutants are the cause of the green house effect, affecting the earth's temperature. Now some studies have shown that there is another source that is causing the atmosphere to heat. The Sun is going through an 11 years cycle where the heat and brightness of the Sun is increasing with the Sunspot activities. Scientists are predicting an increase of 50% in the brightness of the Sun during the next cycle phase. What is interesting about it is that the Bible predicted that the Sun will become seven times more powerful. We read in;

<http://www.theepochtimes.com/news/6-3-6/38996.html> (Next 11 cycles will be 50% stronger, prediction from scientists)

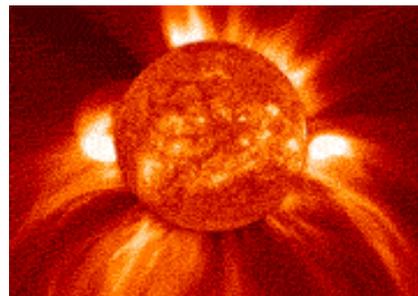

Isaiah 30:26 "The Moon will shine like the Sun, and the **sunlight will be seven times brighter**, like the light of seven full days, when the LORD binds up the bruises of his people and heals the wounds he inflicted.

If the Sun is seven times brighter, the Sun must be a lot hotter, possibly seven times its actual temperature. Since the surface of the Sun is around 6000 °C, the new heat on the surface could be around 42 000 °C.

Revelation 16:8-9 "And the fourth angel poured out his vial upon the Sun; and power was given unto him to scorch men with fire. And men were scorched with great heat, and blasphemed the name of God, which hath power over these plagues: and they repented not to give him glory."

Because man has refused to repent of his sins, God will pour out His judgment upon the earth and one of the judgments is that the Sun will change in intensity and cause all kinds of disasters on earth. The purpose of the judgment of God is to allow man to repent of his ways but the Bible says that man will not repent before the Creator but will blaspheme His name.

Our Sun is what we call a Cepheid Variables Star or a Blinker; it means that the Sun has a cycle of Up-Blinks of increasing heat and light and Down-Blinks of diminishing heat and light. The cycle of 11 to 12 years where it goes to a higher production of solar flares and slows down the production once the fusion of hydrogen is burned. Then the sun replenishes in hydrogen and the cycle continues.

Our Sun could also go Nova, according to the Merriam-Webster Online Dictionary, a Nova is a “star that suddenly increases its light output tremendously and then fades away to its former obscurity in a few months or years.” When the hydrogen fuses together, it creates heat and Helium. Since Helium is heavier than Hydrogen it sinks into the Sun. Helium doesn't fuse because it takes more heat to fuse than Hydrogen. But if a pocket of Helium is created and the heat generated by Hydrogen becomes great, it could fuse Helium creating a spontaneous heat that will be greater than the heat cause by Hydrogen.

Either the Sunspot or the Nova could create enough heat to increase the brightness of the Sun by sevenfold creating catastrophic destruction on earth.

Before I pursue the investigation on the Sun scorching consequences on earth, I would like to remind you that Jesus-Christ is coming back and that the whole Bible talks about the Messiah, it mentions that Jesus-Christ will be the judge of man. God is Holy, love and righteous. He will not leave sin unpunished.

People say that God is love and He is not a vengeful God, He will forgive everyone because He is love. He will never punish man. But you know God is Holy and He cannot let man, with all his sins, come into His Holy Sanctuary, His Holy Heaven because He cannot be with sins. What would you think of a judge who would free all criminals (murderers, child molesters, rapists, etc.) into the society because he is a forgiving judge? I am sure that you would not let a judge like that be at the helm of the court of justice of your city. God is love but He also is just. Sins must be dealt with just like the murderer must face the consequences of his crime. The murderer cannot go into the society so he is put away from it, unless he is going through a psychiatric transformation. God cannot accept man with all his sins in Heaven unless he goes through a soul transformation.

Ezekiel 11:19 “And I will give them one heart, and **I will put a new spirit within you;** and I will take the stony heart out of their flesh, and **will give them a heart of flesh**”

1John 5:11-13 “And this is the record, that God hath given to us eternal life, and this life is in his Son. He that hath the Son hath life: and he that hath not the Son of God hath not life. These things have I written unto you that believe on the name of the Son of God; that **ye may know that ye have eternal life**, and that ye may believe on the name of the Son of God.”

This transformation can only be done by the Holy Spirit that can change a person. You can only have the Spirit, through the work of Jesus-Christ at the cross. There, he took our chastisement, our load of sins upon his Holy and pure body. He was the only one that could live a perfect life without a sin because He is God. He died to take my place, my judgment. He suffered at the hand of his creatures but even more from God the Father because He took all your sins upon Himself. He died for my and your sins. Since He took your condemnation, you

are free; this is why He is the Saviour of the world. He died to save you; you can be saved as he saved me years ago.

1Peter 2:22-24 “Who did no sin, neither was guile found in his mouth: Who, when he was reviled, reviled not again; when he suffered, he threatened not; but committed *himself* to him that judgeth righteously: **Who his own self bare our sins in his own body on the tree, that we, being dead to sins, should live unto righteousness:** by whose stripes ye were healed.”

God is love because he provided for a way to save you by dying in your place and He is just because sin was dealt with at the cross. If you repent from your sins and accept the Lord as your substitute (he took your place by dying), He will save you, give you eternal life and transform you by the Holy Spirit that He promised to anyone.

Acts 17:30-31 “And the times of this ignorance God winked at; but now commandeth all men every where to repent: Because he hath appointed a day, in the which he will judge the world in righteousness by *that* man whom he hath ordained; *whereof* he hath given assurance unto all *men*, in that he hath raised him from the dead.”

John 10:27-28 “My sheep hear my voice, and I know them, and they follow me: And I **give unto them eternal life; and they shall never perish**, neither shall any *man* pluck them out of my hand.”

The change in heat, ultraviolet radiation and solar wind coming from the sun are affecting our winter storms, cloudiness and rainfall

According to Solanki, the increase in solar brightness over the last 20 years is not the solely responsible for the increase of temperature. He believes that the intense sunshine on the upper atmosphere (including the ozone layer) is affecting the climate more than the increased heat of the Sun. Another article from Dr Paal Brekke from the European Space Agency continues in the same vein. He says that: “The changes in the amount of ultraviolet radiation from the Sun affect the ozone layer. This is a very important part of the atmosphere where lots of chemical reactions take place that govern the way the rest of the atmosphere works”. If more radiation reaches the earth, more clouds will be created and with more clouds, the temperature is trapped in the atmosphere causing a greenhouse effect. Sallie Baliunas, an astronomer at the Harvard-Smithsonian Center for Astrophysics also said that the change in heat, ultraviolet radiation and solar wind coming from the sun are affecting our winter storms, cloudiness and rainfall. The Sun is a major driver in our climate change.

<http://www.news.harvard.edu/gazette/1997/11.06/BrighteningSun.html> (Sallie Baliunas)

What will be the consequences of a hotter Sun on Earth??

Luke 21:25 “And there shall be **signs in the sun, and in the moon**, and in the stars; and upon the earth distress of nations, with perplexity; **the sea and the waves roaring.**”

The Lord Jesus-Christ himself mentioned that there will be sorrows and distress in the time of tribulation, the time of the antichrist.

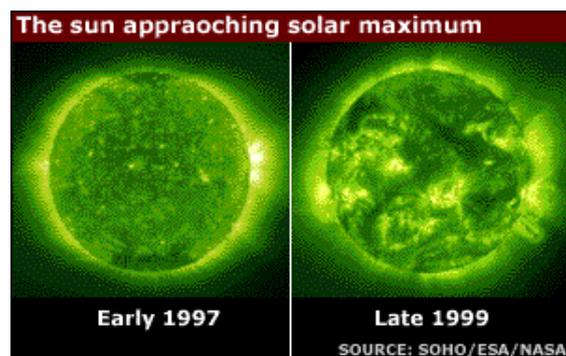

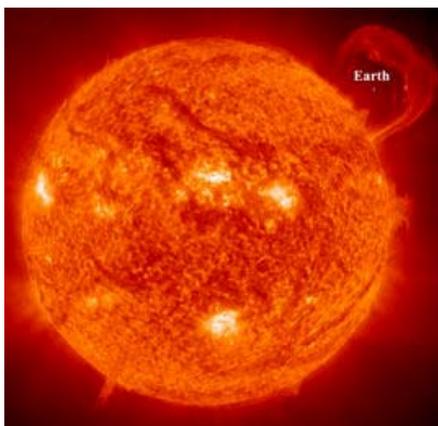

Keay Davidson from the San Francisco Chronicle explained that scientists from agencies including NASA and the National Science Foundation says that the next solar cycle peak will be in 2012. They are expecting mammoth solar storms with intense radiation and clouds of high-speed subatomic particles millions of miles across. They say that the cycle of approximately 11 years will start in 2007 or 2008. The solar max could be anytime during the cycle but they forecast 2012 because the last one was in 2001.

<http://www.sfgate.com/cgi-bin/article.cgi?file=/c/a/2006/03/07/MNGAFHJL91.DTL>
(Keay Davidson)

The solar flare will; **disrupt all electronic boards, fry power grids, knock satellites back to Earth.**

When the atmosphere heats up, it will increase in size, it will puff up so that the satellites in low altitude will be attracted to the increase in density and will be slowed down by the molecules of air causing them to fall.

http://www.space.com/scienceastronomy/solar_flare_031028.html (satellites fall)

Since the Bible seems to indicate that the Sun will be seven times brighter and that the surface of the Sun could reach an estimated guest of 42 000 °C, the size of the Sun will no doubt increase in diameter bringing it closer to earth. Since the diameter of the Sun is 1 400 000 km, its circumference would be 4398230 km and the expansion could create a circumference 7 times this value making it 30787610 km. Then, the new radius would be 4 400 000 km. The Sun could be 3 700 000 km closer to Earth bringing more radiation in the form of waves (heat,

ultraviolet, X-rays) and in the form of particles ejected from the Sun like electrons and protons. These particles are deviate by the magnetic field of the earth (the Van Allen Radiation belt) and travel to both poles where they cause areolas. These particles coming from a solar flame can pierce satellites, astronauts and cause computer malfunctions if they reach ground. The Van Allen Radiation belt protects us from these dangerous particles but what will happen if more are coming to earth and penetrate this belt. What will it cause on our bodies? Revelation talks about physical pain endured by men; would it be caused by these particles? I don't know.

It is interesting to know also that a shifting in the earth's core could change the magnetic field of the earth as stated in one article that I read. Actually, the article explained that the "Indonesian earthquake; has affected the Earth's rotation, decreased the length of the day, slightly changed the planet's shape, and shifted the North Pole by centimeters. The earthquake that created the huge tsunami also changed the Earth's rotation." If an earthquake can cause these changes, the huge earthquakes mentioned in Revelation will surely cause more damage. This will cause more problems that could explain the disastrous phenomena seen in the Bible.

<http://life.gocomp.com/> (Indonesian earthquake, change the Earth's rotation)

The Black Sun

In the next three verses, the Bible explains that the Sun will become dark and the moon will become red. I can explain that the Sun and the moon can appear red but I cannot explain yet why the sun will be black while the moon will be red. But the term used in today's language for black Sun refers to a total eclipse of the Sun.

Revelation 6:12-14 "And I beheld when he had opened the sixth seal, and, lo, there was a great earthquake; and **the sun became black as sackcloth of hair, and the moon became as blood**; And the stars of heaven fell unto the earth, even as a fig tree casteth her untimely figs, when she is shaken of a mighty wind. And the heaven departed as a scroll when it is rolled together; and every mountain and island were moved out of their places."

Acts 2:19-21 "And I will show wonders in heaven above, and signs in the earth beneath; blood, and fire, and vapor of smoke: **The sun shall be turned into darkness, and the moon into blood**, before that great and notable day of the Lord come: And it shall come to pass, *that* whosoever shall **call on the name of the Lord shall be saved**."

On Earth, the Sun appears yellow. If you were out in space, or on the moon, the sun would look white. In space, there is no atmosphere to scatter the sun's light. On Earth, some of the shorter wavelength light (the blues and violets) are

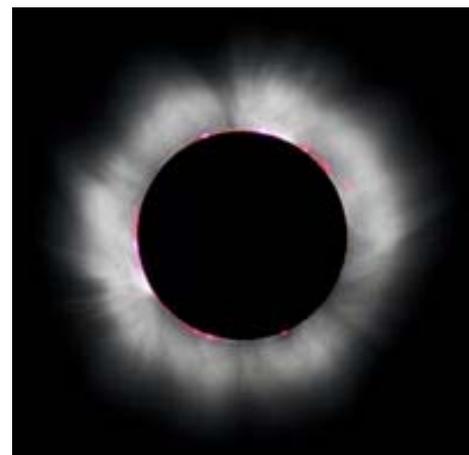

removed from the direct rays of the sun by scattering. The remaining colors together appear yellow. As the sun begins to set, the light must travel farther through the atmosphere before it gets to you. More of the light is reflected and scattered. As less reaches you directly, the sun appears less bright. The color of the sun itself appears to change, first to orange and then to red. This is because even more of the short wavelength blues and greens are now scattered. Only the longer wavelengths are left in the direct beam that reaches your eyes. The moon is a reflection of the Sun and the same thing can happen to the moon, making it look red.

Jesus-Christ said in the next verse that the stars shall fall from heaven and the powers of the heavens shall be shaken. God doesn't need an explanation to do all these things, He created all things by the power of his word and He can certainly make the Sun black in the same time that the Moon become red. There is a lot of scientific and astronomic phenomenon that we just can't explain yet.

Mathew 24:29 "Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken."

The Black Sun

The Red Tide

As mentioned earlier, the Bible states that the sea will become like blood. This refers to the color of the water. There are a variety of algae that are poisonous and "during the growth period, or **bloom**, each single algae cell may **replicate** itself **one million times in two to three weeks in warm water**. During the reproductive riot of the **bloom**, warm, shallow seawater tends to become discolored by the sheer concentration of algae seeking the sunlight. This discoloration is a result of the various pigments the plants use to trap sunlight; depending on the species of algae present, the water may reflect pink, violet, orange, yellow, blue, green, brown, or red. Since red is the most common pigment, the phenomenon has come to be called **Red Tide**." (see web link of Poisonous Red Tide). The Bible also says in Revelation 16:3 that all living

creatures in the sea (possibly the Mediterranean Sea) will die. Sure that the hot water will facilitate the growth of algae and will be a death trap for the fishes. Although all warm water will see these algae proliferate, the Mediterranean Sea surrounding Europe and especially Israel; is the main focus of the prophecies. Since the unified Europe is the Roman Empire reconstituted, the prophecies concentrate on the antichrist that will be at the helm of Europe. The antichrist will make a peace covenant with Israel.

Different Red Algae

Please take heed to these things, remember that you have one life and after that you must give an account to God. Be saved today, accept the gift of Christ, He did everything on the cross to rescue you from your sins. Repent from your sins and believe on the Lord Jesus-Christ for the remission of your sins. His blood will wash away your sins.

Hosea 14:9 "**Who is wise**, and he shall understand these *things*?"

Hebrews 9:27 “And as it is **appointed unto men once to die**, but after this the judgment:”

Romans 6:23 “For the wages of sin *is* death; but the **gift of God *is* eternal life** through Jesus Christ our Lord.”

1John 1:7 “and the **blood of Jesus Christ his Son cleanseth us from all sin.**”
